

# KEY DATES 2016

**P**ublic schools in New Orleans follow one of two timelines for application and enrollment. Most schools follow the OneApp timeline and process. Several OPSB charter schools follow a shared timeline and use the same application form as part of the Eastbank Collaborative of Charter Schools. Be sure to check applications dates and processes outlined on each school page.

**E**very public school asks for some basic documents to complete enrollment and fully register a child in public school. Records like past grades or test results can help the school understand your child's needs. However, you should be aware that a school cannot turn your child away if you do not have these documents.

Key Documents: Proof of address (rental lease, utility bill, etc.), proof of identity\* (birth certificate or ID card), immunization (shot) records

Helpful Documents: Recent report cards, recent standardized test scores, IEP (Individualized Education Plan)

\* Schools may request but cannot require a Social Security Card
